Melbourne & Geelong (2)

33. **Brunswick** Loretta Lizzio, 2019
34. **North Geelong** Sai Neoh, 2024

Pick a region.
Most sites are in the Wimmera Mallee (1–19), best over two or three days. The North East (26–32) makes a day trip from Benalla.

Allow time.
Distances are long and driving times don't include stops. Leave time to look at each silo and explore the towns.

After dark.
Sea Lake (15) has a nightly projection, Murtoa (9) a light show after sunset, and Avoca (20) a glow-in-the-dark owl.

Fuel and water.
Fill up in bigger towns and carry drinking water: some Mallee towns' tap water isn't drinkable.

Stay among the Wimmera Mallee silos. The Art House in Birchip sleeps up to 7, with Brim, Sheep Hills, Lascelles, Rosebery, Sea Lake, Woomelang and Nullawil within an easy drive. siloartcottages.com.au

Pins mark each town, not the exact silo: some silos are a short drive out of town. Many are working grain sites, so view them from public areas, and expect grain trucks from October to December. Murals change: check the guide before you go.
